Frequency Range:
400-5000 cm^{-1}

Spectral Resolution: 0.125 cm^{-1}
Beamsplitters:
KBr (375 - 7000 cm^{-1})
Detector: DTGS
Source:
IR (Globar)

Location: Beamline 1.4

Accessory:

Single bounce attenuated total reflectance (ATR)

This bench is currently not connected to the synchrotron and is available for use without approved beamtime.
